

LETTERS TO THE EDITOR

Dear Editor:

Just a few words in regards to your heart rendering story about all the chain stores and all other stores going broke cashing the checks of the public. You really made my heart bleed. I just can't see how these people stay in business with all the capital outlay they have to put out. I feel like I should give them my check and they should give me back 10 cents.

You know when I was a small child I used to go to the store with my father when he paid the grocery bill and you know the owner used to give us kids a bag of candy for the family free, and it amounted to more than 10 cents worth of candy. This man in business was glad to get my father's business and cash his checks so he could buy some groceries. Oh yes, we had free delivery right into the kitchen, too. I know to be a delivery boy, I knew. Those were the times when a good business man realized when he had a good thing and he never tried to rob the people either. Oh yes, he never had a newspaper editor to write a sob letter for him that he was going broke from too much business. Boy I bet your newspaper will pick up in food advertisements from these stores. There sure is a madness to your method.

You know I pay around 13c for my personal checks and I would sure hate to spend another 10 or 15 cents to get them cashed, that would sure begin to run into money for someone, I bet. Then multiply this amount by a few hundred thousand people and some check cashing firm would get rich. You must be figuring on going into another business.

You know this check cashing racket was a good thing, during the war. It paid off then, and it ought to pay off swell now after that heart-rendering story you wrote.

I enjoy some of your Editorials, but this one on the check situation, stinks. I hope you get over your dreams of an easy life, and write better Editorials.

Respectfully
Emil S. Caldwell
1436 Helix St.
Spring Valley, Calif.

Most markets, Reader Caldwell will note, do not make a charge for accepting checks if the check is issued for the exact amount of the purchase. Markets were meticulous to explain that a check charge is being made to partly cover their cost of performing a banking activity. Other patrons who always pay cash could justifiably complain if the cost of performing this service were added to their grocery bill by means of increased prices of food items.

CORRECTION: Last week "Letters" inadvertently referred to Junior High School sixth grade teacher as "Mrs. Gregory." Actually, the teacher is John Gregory. He's not only a good teacher, he's a popular one, too. Person making the mistake has been banished to La Mesa School District.

Three Million Dollar Development Started in Southwest Lemon Grove

Sam Harris, who heads a group of developers who have started work on a \$3 million subdivision project, San Altos, in southwest Lemon Grove, close to San Diego limits.

The subdivision consists of 606 lots. First unit will have 192 lots and 189 houses. Prices for the houses will be a very small down payment for veterans, about \$300, and range from \$14,500 to \$15,000.

Harris said Thursday that his group had positively no intention of annexing to San Diego. Also, he said he wanted to get his mail through Lemon Grove. He said he had great faith in the future of this community, and wants to become a part of it and share in its growth.

The subdivision is along Massachusetts Avenue and to right and left along Madera. A glance at the map in the Homeland Directory shows the S. D. & Arizona tracks on the east, Madera on the west and San Pasquel Street on the northeast, with Massachusetts cutting in at an angle a long block south of Mt. Vernon Street.

Superintendent of Lemon Grove Schools Byron Netzel told this reporter Thursday the annexation of the proposed San Altos subdivision to San Diego would affect Lemon Grove School District's finances, that any annexation of this district's properties to any other school district would be a serious loss, and should be avoided.

Lemon Grove district has purchased a site for a school in the San Altos area and has made plans for a school to take care of the expected increase in population. Should San Altos be annexed to San Diego, the resultant loss of revenue from school taxes

Burglars broke into Pal's Cafe, early Tuesday morning and robbed the cash drawer of \$200. They also broke open every coin operated machine in the place, damaging them to the extent of approximately \$400. Ted Fetters, proprietor of the cafe said.

Sheriff's men obtained several clues and good fingerprints. The cafe was looted a few days before Christmas last year.

Mel Grant Named Principal of New Sweetwater Road High School

Mel Grant

Mel Grant, Helix High School vice-principal for the past two years, was appointed principal this week of the new Mount Miguel High School. The new school will serve the Spring Valley-Lemon Grove area and will be ready for use in September, 1957. Mr. Grant will take over his duties next February in order to have the school organized and ready to move in.

A resident of La Mesa and two years in the Grossmont district, Mr. Grant was recommended for the new principalship by the district superintendent, Louis Smith, from a list approved by administrative counselling personnel committee, a committee composed of administrators and faculty.

Originally from Illinois, Grant came to California in 1945 and took his Bachelor's and Master's degrees at San Diego State College. He is working on his doctorate at USC and will continue to do so this summer.

Bids will be opened for the new school about October 1, 1956 and construction will start within 30 days. Herluf Brydegaard is architect.

Men's Club Hears Charges Of Tax Official's Indescretions

By DICK HENDERSON

The L. G. Men's Club met and ate at the usual 12 o'clock, meaning 12:30 Friday.

A very good attendance marked the meeting. Henry Goldy, wearing a beard, was much in evidence. He is a big man, knew everybody and said hello to most of those present, was

kidded by a couple about the coffee, which he said had been poor and below standard last time, he didn't know why but would find out. Said something also about salt being mixed deliberately in the sugar, which was something else for him to find out about.

Henry also told about a fishing trip he and another had taken a few days before. The men left by plane at 7:15 a.m., flew to some place in the north end of the state—it developed that it was near a fish hatchery—and they got home about 5 p.m. with 16 rainbow trout, 10 to 14 inches in length. Some was asked "16

The Hertziger-Harris firm will erect 600 medium priced residences in the tract which is north of Encanto.

apiece" and Henry just gave him a look. Fishermen interested may get details from Henry.

Meantime the waitresses were putting out the food. You see, when the club members enter they scan the menu and the lady in charge marks the selection on her list and gives the customer a little colored slip to put at his place, so the waitress will know who chose roast beef or veal chops, or whatever. Salad, with lots of olive oil, had been distributed and ample opportunity to eat the greens was provided.

Postmaster Talks

President Max Goodwin asked Postmaster Faucher to tell about the new subdivision, "San Altos," at the southwest corner of Lemon Grove, and the possibility of Encanto being made the post office for that section. Faucher said "Encanto hasn't got a chance. Lemon Grove will serve the folks in the new subdivision, as it is distinctly outside San Diego's limits."

The president, also emcee, tapped on the glass and as quiet reigned he introduced Tom Hawley, superintendent of Guy F. Atkinson Co., builders of L. G. freeway, and turned Tom over to vice-president Dorman, who presented an award of merit to Tom for having helped materially

'Complimentary' Days Start Next Week

Next week will institute Lemon Grove Complimentary Days among local business houses.

Most local firms will advertise reduced prices to encourage residents to participate in the event. Proof will again be offered that area residents do not have to go to town for variety nor quality. The special prices are aimed at being so much lower than elsewhere that those who have not compared the shopping advantages locally will do so.

Next week's REVIEW will be a Complimentary Days edition and some of these areas where this newspaper's saturation is not complete will receive a copy of the special edition.

For readers who have purchases to make, we heartily recommend waiting until next week, and saving money.

"Complimentary Days, according to business firms, means that two additional bargain days will be given. A preview day will be given Thursday, June 28 at which time advertised bargains will be sold. The regular days will be Friday and Saturday. Monday, July 2 will also be a Complimentary Day and the same values will be offered that day as on the others.

Grossmont Hospital Tax May Be Reduced 10c

Grossmont Hospital tax rate will probably be reduced to ten cents from its present 20 cent level, it was indicated last week at a hospital budget hearing.

The latter rate included bond interest and redemption.

During the first nine and one half months of operation revenue exceeded expenditures by \$22,000. The budget, presented by Louis Peelyon, general manager, includes a reduction of \$40,000.00 by taxation for the coming year. Total requested was \$120,000.00 against \$200,000.00 for last year. Of the \$120,000.00, \$59,000.00 is

to service construction bonds. Increase in operating costs will be met by higher rates if necessary, Peelyon indicated.

Room rates presently are \$18 a day double and \$21 private.

Occupant:

The Dimmer VIEW

By MAX GOODWIN

Recently I read a short autobiography of an old-time publisher-printer by the name of Charles Murdock and it saddened me. Here was a man who has spent his entire and considerably long life in the printing industry. He was deeply enmeshed in the publishing business in San Francisco just 50 years ago when on April 18, 1906, the San Francisco earthquake and fire destroyed much of that city.

Murdock describes vividly the flames as they came up Market Street and engulfed building after building, and finally his own building suffered the same fate.

He later set up shop in an old car barn and started over. Business grew. He retired several years ago happy in the thought that he had been considered a success by others in the craft. He had, in 47 years, he says, taken in several millions of dollars. Then came the saddening admission. These millions passed through the books of his enterprises "without perceptible profit other than modest wages." He adds "I am not proud of it for I have no right to be." Then as a sorrowful footnote he observes that "a printer, like any laborer, is worthy of his hire."

Government Give Away

The fruit of one's labor isn't always a measuring stick. I couldn't help but view the unhappy condition of a small businessman laboring all his life for "modest wages" in the light of the determination of the Senate Foreign Relations Committee last week, to continue to give away as much of the wealth of this nation as the traffic could bear.

The committee restored 615 million dollars of the one billion dollar reduction which had been voted by the House of Representatives. The aid bill now calls for an expenditure of four billion, four hundred and fifteen million dollars. This amounts to \$75 for your family's share next year. Congressman James Utt not only voted against the increase but also fought against another bill which continues to give aid to Tito. Nevertheless, the bill passed and in the opinion of Congressman Utt, Yugoslavians aid may be used against us as a la Jap-an and Pearl Harbor.

Toll Charges

Just as overwhelming, but not so hazardous, is my time-to-time brush I have with the telephone company. Long since I have succumbed to the advertising blandishments of the company and dutifully dialed 112 then dialed my toll number. Of course the operator comes in on the line and asks for the number initiating the call. I have always felt that while we were sparring around exchanging this information, the operator might as well dial the number for me since I am paying 25 or 30 cents for a call that in many localities there would not be a toll charge at all.

I toyed with the diabolical thought for weeks but my sweet nature deterred me... until one morning last week I had a matter with the County Fair people. I dialed operator and told the sweet young thing I wanted to speak to SKyline 5-1161. Then came a moment of stunned silence. "Is that Del Mar?" she asked. Then came more silent contemplation when I guiltily admitted that it was. "Did you know you can dial it?" she asked, then proceeded to explain how. I stated I knew this too, so she placed the call. While waiting for the connection another feminine voice came on the line. Patiently she explained how I could dial long distance numbers. Eventually, I reached the fair grounds. The telephone company was not to be discouraged. During the afternoon of the same day another young lady from the telephone company reached me. "I called," she said sweetly, "to tell you how to dial direct distance." Thus, she and her sisters proved to me that "do-it-yourself dialing" saves time, saves trouble, and saves temper.

Fair Reaction

The Fair call reminds me that my son Danny, age 6, accompanied me to Del Mar a couple of Sundays ago when I was a judge at their Fairest of the Fair competition.

The judges were seated around tables in the clubhouse waiting for the votes to be tabulated and the pretties were in another part of the building just within sight but beyond shouting distance.

EYDIE GORME

Eydie Gorme, singing star of the Steve Allen Show, will be a featured attraction at the San Diego Fair at Del Mar, July 4th through 8th. Eydie teams with Russell Arms (Hit Parade) and the Frankie Carle orchestra in a free grandstand extravaganza. She currently has a hit record in "Too Close for Comfort." Exposition dates are June 29 through July 7.

Double Sessions Of the La Mesa- Spring Valley Schools to End

According to Dick Manzella of the La Mesa-Spring Valley School District publications department, double sessions should be a thing of the past when the new Bancroft and Severin Manor Schools are complete. He said bids will be called for on both schools at an early date.

Some parents from around the Tropic Drive area attended the school board meeting last week to protest changes in the school boundaries in their area.

The tentative budget for 1956-57 was approved by the school board, according to Manzella. The \$2,739,745 is less than last year. Personnel salaries make up 92 per cent of the figure. Utilities, transportation and maintenance are included in the balance, according to Manzella.

August 15 will probably see the budget adopted after assessed valuations have been set and a public hearing held.

George Hasty in Task Force Operation

SAN FRANCISCO (Spcl.)—George W. Hasty, electronics technician third class, USN, son of Mr. and Mrs. Clarence R. Hasty of 9226 Carthay Circle, Spring Valley, aboard the submarine USS Charr, arrived in San Francisco June 8 for a three-day visit between phases of a U. S. First Fleet training exercise.

The exercise involved 35 ships and 15,000 personnel in coordinated fleet and task force operations with anti-submarine warfare and air defense as the principal objectives.

The 35 ships were berthed at San Francisco, Oakland and Alameda. Open house, held aboard the ships over the weekend, included an invitation for the public to attend church services Sunday morning.

The First Fleet, commanded by Vice Admiral Herbert G. Hopwood, USN, is the Eastern Pacific's counterpart of the Western Pacific's Seventh Fleet. The primary mission of the First Fleet is the coordination of training of fleet units for combat readiness before deployment to distant duty.

Military Services Held for Harry Furlong

Services were held last Tuesday at the Johnson-Saum Knobel Mortuary in San Diego for Harry Furlong, 8757 La Mar, who passed away in an Oakland hospital Monday, June 4. Burial was at Fort Rosecrans cemetery with full military honors. He was 60 years old.

Furlong, a native of California, had lived in this area about 35 years. A retired Navy chief warrant officer, he had been engaged in the poultry and egg business in Spring Valley for many years. Illness overtook him some time ago and he spent a great deal of time in the Navy hospital.

Survivors are his widow Mary, two daughters, Mrs. Gertrude Knudsen of Boston and Miss Marsha Furlong of Los Angeles; mother, Mrs. Leona Decker of San Diego; two grandchildren. His parents were also born in California.

The unions, it is obvious, need to be investigated thoroughly, just like anything else.

THINGS DOIN' & BREWIN' About Civic Center

By DICK HENDERSON

The San Marcos — Escondido Dump came up for discussion again Tuesday, when a delegation from the two communities affected appeared before the Board of Supervisors to voice objections to having the dump located in their front yards.

Besides the delegation of 25 residents and property owners, a petition with 131 signers, asking the Board to put the dump somewhere else than on the \$40,000 site optioned a week ago, with \$200 paid for said option, was handed to the Clerk by Mr. Hungerford, who said he represented the property owners in the matter. The gentleman spoke feelingly of the damage the dump would do to values in the vicinity, mentioned the fact that the area had recently voted Water Bonds from Rho, Rincon and Diabla Water District to get water on the property. Other members of the Board gave Supervisor Howell some questioning looks, and the Chairman Dave Bird asked Howell "how come?"

Hungerford presented a map which was put on the wall. Howell said up side down, but Mr. H. insisted that was the way the map showed. It appeared as though the dump was down in the southwest corner and should have been in the northeast. Mr. Howell went over and traced out the roads with his finger and still maintained that he was right.

The option for \$200 will stand, but the location of dump may be changed. Looks like the Board had a bear by the tail. Folks just don't like to have a dump anywhere near their homes.

County Counsel Bert McLees remarked in an aside to this reporter, that he didn't know of any tract of land in the vicinity that would satisfy the residents, unless they went out east a long way, to the desert, maybe.

Twice ever thus. Just think how Mr. Howell must feel, with a couple of hundred voters on his back!

Street Assessed
Hearing on the Assessment Roll for the improvement of Paula Street, et al, in Lemon Grove, 1911 Act Unincorporated Area 39, R. I. D. 6008.

The Superintendent of Streets now reports that it has been determined that a strip of land, amounting to 20 feet of frontage, was erroneously included on said Assessment Roll. He recommends that the Board determine that the County shall contribute \$53 toward the costs and expenses of the work; direct him to deduct \$53 from the total costs and expenses, and direct the Auditor to draw his warrant for said amount; direct the Superintendent of Streets to amend the assessment accordingly; and direct the Clerk of the Board to make the necessary corrections to the Roll and the Assessment Diagram.

Paula Street is north of the Freeway and the first street west of Massachusetts. It is less than three blocks long, parallels Massachusetts.

Also of interest to Lemon Grove was the hearing on the Appeal of Lee Galland from the Planning Commission's denial of his application for a reduction in the front yard set-back from 75 feet to 48 feet from the center line of Broadway, for a sign on property in the Lemon Grove Zoning Section. Mr. Galland failed to appear at the appointed time.

Re Cesspools
Representatives of the Septic Tank and Cesspool Contractors of San Diego County concerning their request for an amendment to Ordinance No. 1258 (New Series), were present and were heard. Dr. Askew supported the contentions of the contractors, said it would be easier for Health

Department representatives to inspect the installations. The Contractors contended that too many irresponsible parties, some not licensed, were in the business and did not observe the regulations. The present ordinance allows a householder to build one septic tank in two years, providing he does all the work, ditch digging and all, himself.

A meeting of all parties interested will be advertised. This matter has been under discussion for about two years.

1911 For Violet St.

Stephens and 24 other property owners requesting grading and construction of sidewalks and curbs and drainage structures under 1911 Act proceedings in Lemon Grove area on both sides of Violet Street between Pearson Street and Hoffman Street and adjoining Lots 1, 8 and 12 to 18, inclusive, of Block 1 of Burgreen Acres, Map 2408, and Lot 4 in Sub. No. 3 of Lot 12 of Rho Mission of San Diego, according to Licensed Survey Map No. 55. This is in the same locale as Paula Street.)

La Mesa Takes Another Nibble:
Resolution No. 6365 of City of La Mesa declaring its intention to call a special election on the proposed annexation of certain inhabited territory contiguous to said city; and setting the hearing on said matter on June 26, 1956, at 7 p.m. in its Council Chambers.

Thren off on Another Trip
This One Back East

Dan Thren, local realtor, 7366 Broadway, is travelling east to visit friends, relatives and to bring back a new auto.

One of Thren's first stops will be to visit his niece, three-year-old Jeanne McStay who lived until recently at 3440 Trophy Drive in Lemon Grove. She now lives in West Reading Pennsylvania.

The youngster's mother, Marian, is Dan's sister and she has another daughter, 2 years old, Laurie but it is easy to see that Dan is partial to Jeanne.

He will also stop and Pippin, N.Y. to visit his father, Edward, and his brother Robert. His father is a technical engineer and his brother is district credit manager with a major oil firm.

Thren will be gone approximately 3 weeks, he says. Earlier this year he visited Europe.

George Moorehouse In Air Force

Airman Moorehouse

George J. Moorehouse Jr., son of Mr. and Mrs. George Moorehouse, 4107 Citradora, is taking his basic training for the Air Force at Parks Air Base. His father is a navy man.

The young airman is serving with Flight 196, Squadron 3278, 3275th Basic Military Training Group. Besides learning warfare tactics, he will take such studies as military science, history, government and citizenship, military law, physical conditioning and personal hygiene.

After six weeks training he may be sent to another base, or he may be sent to school.

Airman Moorehouse entered the Air Force April 30 of this year. He was sworn in at the Los Angeles Recruiting Station. He is a graduate of Grossmont High School. He attended grade school in New London, Connecticut and Key West, Florida. Part of his high school education was also at Key West.

Moorehouse was well known in athletics at Grossmont. He thought at one time he would like to be a coach. However, his mother said he may make a career of the service.

Small Claims, Traffic Violations Fill Local Court Agenda

Local court had a lot of customers on Monday when the bailiff announced "Hear ye, here ye the court is now in session." (There is no bailiff and he didn't make the time honored announcement, but he could have. There is usually a deputy sheriff in the court, and he's big and strong, and if it becomes necessary he assumes a bailiff's duties, such as going outside and looking over a car that some young operator has repaired, and report to the Judge if the muffler has been repaired as ordered.)

The court room was pretty warm, even with the oscillating fans to stir up the warm air. Dolores Rogers, the efficient clerk, had one fan on her desk and it relieved the heated atmosphere somewhat, but the air currents didn't reach as far as the table where we sat. Resplendent in a pretty new summer dress, with lots of red and blue and no sleeves, Dolores appeared to be as cool as the proverbial cucumber. The second fan was larger, and was placed in the middle of the room, where the spectators got some benefit. Every once in a while the screen door would bang after a departing guest. Sounded like a rifle shot, made us jump.

Small Claims Started The Afternoon's Program.

A couple of gents and a witness were telling the judge about a furnace that the plaintiff had installed in the defendant's house. They disagreed about who was to repair the walls that had been torn out, until the plaintiff's attorney showed an agreement signed by the defendant where-in it said he understood the contract and that he was to make the repairs. So judgement was given to the plaintiff.

Russell vs. Backdahl, suit for \$10.15 plus \$1.75 costs, judgement was given the plaintiff for \$11.90.

A sailor, colored, named Cameron was first to be called on traffic cases.

Cameron was accompanied by a CPO in uniform when he stepped up before the Judge. He had a very deep voice and seemed somewhat embarrassed, and we didn't understand his explanation of what had happened. Said he had been in the Navy 12 years, had not fully paid out the fine for a previous traffic conviction. His present predicament was for operating a motor vehicle without a license, which had been taken away in the first case.

The Judge didn't want to ruin Cameron's career in the Navy, so he said "your fine will be \$263. How are you going to pay it?"

Cameron went back to the spectators and came up with a neatly dressed colored woman who he said was his wife, and she worked and he thought he could pay \$60 each payday — he gets paid twice a month — until the fine had been paid, and it was so ordered. Operating a motor vehicle is a serious offense, and is so regarded by the Court.

Robert Seider paid \$5 for having lost his license plates. These Highway patrolmen have pretty sharp eyes, hey boys?

Virgil Linch — wearing overalls had a belt studded with silver conchas as big as an old fashioned silver dollar, violated the R/W at Troy and Central and failed to see the STOP sign. Virgil is 18 and this was his first ticket. The fine was set at \$27. His mother appeared with him before the judge, said she would

Employment At Postwar High

Manufacturing employment in the San Diego Metropolitan Area rose in May to a new postwar high of 53,700 wage and salary workers, Ernest B. Webb, California Director of Industrial Relations announced this week.

The number at work in manufacturing plants last month was 1,100 greater than in April, and 8,800 above May a year ago.

The April-May rise resulted primarily from expansion in aircraft. Aircraft also contributed to the year-to-year gain. Employment was below a year ago in private ship repair.

Employment in air craft plants reached a new postwar record in May of 41,500.

ing on the right, so the Judge said "don't do it again" and the lady thanked him and left. The screen door banged again.

James Richards and his Pa were invited to attend Thursday evening's session at 7:30

Big as Papa

Wayne Sumers, 14, a husky youth bigger than his father, who attended him before the Court, operated a car without a permit. Asked how old he was, Wayne said 14. Judge said "How come you gave your age as 15?" It developed that he had used a friend's permit and name which is a serious offense and may result in the friend's losing his license. Wayne drove his brother-in-law's car, which had a defective muffler. He was given a serious talk by the Judge, and promised to obey the law in the future. No fine imposed.

Maurice Collins, who owns a house at 3859 Vista, rented the house to a Navy man on a year's lease at \$100 per month, sued his tenant for \$39 for damages to the walls and fixtures, had to clean the house and yard, which had been neglected. The tenant was present, said he had two small children but the owner had three youngsters and they had marked up the walls more than somewhat before he moved his family in. Showed receipts for 12 months' rent, understood that ordinary wear and tear was allowable, and said he had not agreed to keep up the yard. Judgement rendered for tenant. The Judge thought Collins had done pretty well to get \$1200 for a year's rent, denied Collins' claim for \$39, made up of \$25 for cleaning house, \$8 for re-papering the dining room, where many Christmas seals had been stuck on the walls, \$1 for repairing kitchen plaster, toilet seat \$5, all light bulbs smashed or missing, yard neglected, Judgement rendered for tenant.

Dozen Forfeitures

Twelve to 15 forfeitures of bail are usual at each session of traffic court, and Monday was no exception. The Judge read off the names so fast we kept count of eight and didn't attempt to get the names, but the county got the money.

Did you know that the Justice Court of the Homeland Judicial District is budgeted for \$10,036 for the year ending June 30, 1956? That doesn't include the salaries of Sheriff's deputies. So you see where these fines help the poor taxpayer to pay less.

Miss Matson, wearing a green dress in the latest style appeared and pled guilty to passing to the right side of another car on a one-lane road. She said she had just completed a Driver's course but didn't know about not pass-

3-D SHOWING OF HOSPITAL AUXILIARY IN NATION- WIDE CONTEST SET

Grossmont Hospital Women's Auxiliary is inviting its members to an informal coffee hour, on Friday at 10 a.m. in the patio outside the hospital's cafeteria. The affair is being held, explained Mrs. Hutchens, to give every-

one interested an opportunity to see, before being shipped to Chicago, the auxiliary's entry in a nation-wide contest among hospital auxiliaries with Type V institutional membership in the American Hospital Association. The theme of the competition is: "Best Serving the Community Through the Hospital."

The contest entry to be shown is a "3-D" presentation of the auxiliary's "Memory Garden" project; that is, the landscaping of the hospital grounds as a park in which each individual tree, shrub, planter, etc., has been designed as a memorial, available for dedication at a small consideration.

2. Use cooked vegetables in a thin cream sauce to serve with an omelet.

3. Sandwiches left over from a party? Then freeze them until the day you need a quick lunch. Brush with melted butter and bake on sandwich grill. Even better than before.

4. A trained representative will be available to help YOU with your Amana or Food Plan needs.

'Western' Is Theme For Pack 318

By Mrs. C. W. Skinner

Cub Pack 318, sponsored by the Congregational Church had their Pack Meeting Friday at Friendship Hall. The theme for this month has been "Rodeo," and the boys have been working on skits and songs portraying the "Old West." Fathers were not forgotten, as each den displayed gifts for Dad, some of which were: tie racks, shoe shine boxes, leather belts and leather key cases. The Flag Ceremony was by Den 7, Mrs. Marie Kepner, Den Mother. Mrs. Alice Gomes, representing the Webelos Den, gave the inspirational thought. Den 1, Mrs. Alice Wilber, Den Mother, gave an original humorous skit entitled "The Lone Stranger and Pronto." Advancement ceremonies were conducted by Cubmaster Robert Wilber in full Indian regalia. A new cowboy was welcomed into the range as a Bobcat — Dean Spooner into Den 4. Everyone joined in singing some old western ballads.

The boys of Den 8, Mrs. Mae Skinner, Den Mother; Den 5, Mrs. Lysette Stumbaugh, Den Mother; and Den 4, Mrs. Kay Pace, Den Mother; were given recognition for good salesmanship in selling tickets for the Boy Scout Fair. The boys selling one book of tickets were proudly wearing tie slides awarded to them.

Secret Plotting Indulged in By VLMPTA Decoration Committee

By MRS. H. K. THURSLUND

Sea life of varied kinds and descriptions were very much in evidence at the annual faculty luncheon of the Vista La Mesa Parent-Teacher Association Friday in the school cafeteria.

A lot of secret plotting was done by the decoration and planning committee. Carrying out the aquatic theme "Sea Around Us," the doors opened to reveal tables centered with mirrored seas surrounded with flowers and greenery. Afloat on the water were sequined and glitter trimmed sea horses and fish. At each place was a fish carrying the name of the person to be seated there. Sea shells, large and small, sand dollars and abalone shells were scattered about the tables.

Retiring president Mrs. R. C. Alexander introduced the 1955-56 board members. Mrs. R. T. Bullock introduced the board members who would serve during her term as president in 1956-57. Clarence Allen, principal, presented the faculty and school staff.

OLD BIRD STILL FREIGHTING BABIES IN THE AIR

Old Doctor Stork made three trips from La Mesa Community Hospital about June 1 with two babies to Lemon Grove and one to Spring Valley. We hadn't heard from the Old Bird for a couple of weeks and feared that he had gone on his vacation.

First on the list of new arrivals was announced by Mr. and Mrs. Glenn Fuller, 7566 Lemon Ave., Lemon Grove, the proud parents of 7 lb. 10 oz. boy, who arrived May 31.

Mr. and Mrs. Alex R. Alvarez, 8102 Imperial Ave., Lemon Grove, are happy to announce the arrival June 1st at their home of a boy, weighing 6 lbs. 9 oz.

Mr. and Mrs. Lynn H. Boone, 3625 Kenora Dr. Spring Valley became the parents of an 8 lb. 7 oz. boy on June 4.

At our table were Larry Freeman, the thoughtful publisher of the National City News, and his wonderful wife, who recently answered the call and now teaches in the National City school system. She and Danny had a spirited discussion about teachers. "What kind of teacher would you like next year?" Mrs. Freeman asked him. Danny unhesitatingly pointed at the room with the 20 queens and said, "One of those!"

Kathleen Holmes And Dale Wittman Get L. G. Kiwanis Club Awards

Kathleen Holmes and Dale Wittman, eighth grade graduates of the Lemon Grove Junior High School, were awarded top scholastic honors Thursday night at promotional ceremonies for 260 students of the school. Byron L. Netzeley, district superintendent, awarded each a \$50 government bond for the Lemon Grove Kiwanis which each year pays recognition to leaders in the scholastic field.

Kathleen, daughter of Mr. and Mrs. Gerald Holmes, 2949 Olive Street, boasts an outstanding record since her entrance into Lemon Grove schools in the first grade. All grades during her years in elementary classes here have been E's.

Dale, son of Mr. and Mrs. Hubert Wittman, 7508 Church Street, also has an admirable record of excellent grades since his entrance here in the third grade. Both students who received these awards were selected by a faculty committee who reviewed present and past records in making their decisions.

Donald Quist, son of Mr. and Mrs. Clarence Quist, 8409 Golden Avenue, and Caroline Wardell, daughter of Mr. and Mrs. Dean Wardell, 2940 Main Street, were presented with the perpetual citizenship trophy by S. K. Solleder, assistant superintendent.

In making the presentation, given for the ninth year, Solleder outlined the standards for good citizenship in the schools and told of the excellent job done by these two students in this field. The cup, which can be viewed in the permanent trophy case at the junior high, will be engraved with the names of these 1956 winners. A faculty committee made the selections from nominations submitted by all teachers.

More Adult Help Needed for Cajon-De Oro Little League

A meeting of the Cajon-De Oro Little League Women's Auxiliary was held in the clubhouse, Fuerte and Russell Road, recently to discuss further plans for the league. Amy Scherer, president, outlined duties of the team mothers and the recruiting of score keepers.

Each team mother was asked to plan a coffee klatch, invite parents of the boys on her team and to ask their full support of the teams.

Harry Hodgetts, president of the Little League, spoke on parent participation in the program and urged women to encourage their husbands to become more active in the Little League program, as its success depends so much on the help of both fathers and mothers.

More work parties are planned to get the field in order for the opening game this Saturday, June 23.

The league would appreciate a larger turnout for the work parties, as the work on the field has been lagging. They are asking the fathers especially to spend a few worthy hours in the work parties. They do need your help. How about it?

Halloween Carnival Discussion Already Started

Mrs. Casper Amundson, program chairman, reported on decisions reached at a recent program meeting.

Following the business meeting, there was a social hour during which refreshments were served. Mmes. Bruce Morgan, E. W. Middleton, Charles Taylor and Casper Amundson were hostesses.

Jobs Needed By Teenagers

By SARAH BETTS

Woman's Club Juniors
Do you have any windows that need washing? Lawns to be mowed? Do you have a hard time finding a baby sitter? If the answer is yes to any of these questions why not phone Jobs for Juniors (not Woman's Club Juniors) project chairman Mrs. Kepler at HO 9-4330 and give one of the 90 teenagers a chance? Yes, that's right, 90 teenagers! That's how many of our youngsters have registered with her so far. They're willing to do most anything, and so far, not many calls for their services.

Some of the boys would like the experience of working in a garage or service station, washing windows, cleaning up grease after the mechanic, almost anything. Many of the girls will do housework, ironing, baby sitting, clerking in a store, typing, filing and shorthand. Some of the boys want a chance to be in a grocery store, some want to wash windows or do yard work.

In other words there are a lot of young people in Lemon Grove who want to work and everyone should be grateful that they have the ambition and willingness to do so during their summer vacation. So come on mothers, fathers, store owners, office managers, everyone who has an interest in our youngsters, give them a chance—phone HO 9-4330 today and make some teenagers happy, and do yourself a favor at the same time.

Lemon 8's are Hardy Lot—Dance Long and Well

By ALICE WILBUR

The Lemon Eighters' schedule for the remainder of June would make many a less lively lad and lassie flinch. First on the agenda is the Kearsarge dance this Thursday evening, June 21. We regularly dance that evening at Friendship hall, but not this week. We wouldn't miss the carrier dance!

Following that, the Annual Square Dance Convention at Balboa Park will draw most of us. Starting Friday, it will be a three day weekend of dos-a-dos and allemanding with square dancers from all over the United States. There'll be many a sore tootsie and aching muscle following, for the enthusiastic dancers.

But we Lemon Eighters are a hardy lot. At our regular party night June 28, we will be "at home" in Friendship Hall to any and all square dancers. Though we may be "Too pooped to pop," our theme for this month's party night, the call to "square your sets" will revive us enough to get in several lively tips, interspersed by rhythmic round dancing.

The members are providing potluck dessert, relieving our regular refreshment committee from further wearying chores.

This week we separate the weak from the strong. We'll know the ones who can take it when we see who squares up, come next Thursday night.

P. S. And if you're still going strong following this, there's the Heartland Federation fifth Saturday dance, June 30, Hix-Mixers, host club.

Troop 108 Cooks Breakfast For Father's Day

By James Setchell

Lemon Grove Boy Scout Troop 108 held their monthly campout at Scout Camp in Balboa Park over the weekend.

In between cooking, eating and dishwashing were sandwiched serious sessions of instruction and examination leading up to the court of awards, which is scheduled for June 26.

Scout Master Charles Curley and his assistant, Ralph Tension, were hosts to several members of the committee. Mr. Harper, an ardent friend of all scouts, pinch-batted for Joe Finkelman who could not attend.

The fathers were surprised when their sons offered to cook breakfast for them in honor of Father's Day.

Religious service was participated in by all, and the reading was led by Robert Stanley. Allen Lachman conducted Hymns.

After lunch Mr. Curley called role and said finis.

Ten Month Old Tot Nearly Chokes on Pin

Ten months old Twylla Hobb, daughter of Mr. and Mrs. Bill Hobb of 9174 Rosedale nearly choked to death last Thursday night, after swallowing a brass safety pin. It happened at home about 6 o'clock.

The mother had just left for her work in San Diego. The father noticed the baby's plight and ran to the home of grandparents, Mr. and Mrs. Jack Anderson. The mother was notified at her work and returned home.

Taken to a Spring Valley doctor, it was found that the pin was open, lodging in the throat and had gone down with the point in an upward position. The doctor took the baby to the La Mesa Hospital where he worked on her until 9:00 p.m. Then he called in a specialist who worked two more hours before removing the pin.

By the time the pin was removed it had almost entered the stomach. The child was to be in the hospital about three more days, according to the report last Friday.

SUNBATHING CAN CONTRIBUTE TO CANCER SAYS DOCTOR

Overdoing the California habit of sunbathing sometimes can bring on a case of cancer of the skin, Dr. David Miller, Vice-President of the San Diego Branch American Cancer Society, cautioned today.

Dr. Miller said repeated sunburn is one of the commonest of the known causes of cancer—but added that "sunshine in moderation is more likely to do good than harm. Certainly there is nothing to fear from sensible exposure to the sun."

Nevertheless, anyone whose complexion is very fair would be well advised to shun the sun at least part of the time. Research has shown that susceptibility to

sun-caused skin cancer is less among those with pigmented skins, or with skins that tan easily.

Fortunately, Dr. Miller pointed out, skin cancer is the most easily cured of all cancers. Ninety-five out of a hundred such cancers can be cured if treated in time, he said.

"There is no need for worry over an isolated case of sunburn," Dr. Miller said. "But if the irritation is constantly repeated, cancer could in time get its start."

A free 24-page pamphlet about skin cancer can be obtained for the asking from the San Diego County Branch of the American Cancer Society at 1401 Fifth Avenue, and the telephone number is BELmont 9-2295.

Teachers Compete In Balloon Bursting Contest For Golden Avenue Students

Joseph Papin, sixth grade teacher at Golden Avenue school competes with Joan Graves, first grade teacher in a balloon bursting contest to turn about some of the events of Golden Avenue School first Play Day last week.

In years past, the school held a May Day affair where the youngsters took part in dancing. Some of the upper graders, mostly boys, were reluctant to participate in this type of frivolity (wait 'til they're teenagers), so Principal Evelyn Lauritzen revamped the program.

This year the school held a Festival of Dancing on one day; a Play Day the next and students then took part in the activity they chose. To add to the merriment teachers competed in such events as the balloon events and potato races. Papin was in charge of the event.

MEN'S CLUB HEARS CHARGES (Continued)

their territory and picked up their take. He later transferred to the road department as engineer, later took the chief appraiser job and handled it acceptably until February 6, when Arthur Eddy canned him. Laughlin had previously been reduced from chief appraiser by Eddy because of having circulated 4000 letters telling about Arthur Eddy's having reduced assessments on several big concerns. Also included with the letters were photostats of letters written by Eddy to Tom Burgoon, then in New York, suggesting an extremely close relationship by and between Eddy and Burgoon. These letters were handwritten on office stationery by Eddy, and many have wondered how they came into the possession of Laughlin.

Now we are at the start of Laughlin's story and this is what he reported to the club. Laughlin said he had been working under Art Eddy for five years, had noticed the increasing employment of young men assigned to supervisory duties without having had experience. Business administration of the office was fouled up. Women employees were displaced by young college men, civil service rules were disregarded, these youngsters being employed for six months, giving a day off to break the chain, then re-employed for another six months.

Tom Burgoon, who had displaced a woman draftsman, had been induced by Eddy to come to San Diego and work in the office, had gone to college with Gordon Laughlin, son of Raul Gordon, needing more funds to continue at college than his Pa allowed him, worked in the office during vacations and renewed his acquaintance with Burgoon. Gordon had received "friendly" letters from Eddy and when he learned that Burgoon had a number of Eddy's epistles, told Burgoon and asked to see Tom's letters. A meeting was arranged and Tom showed some of Eddy's letters, told of having many more at his home. Incidentally, Eddy and Tom had lived in the same apartment for months, but had split up shortly before and Eddy had another room-mate.

About this time Gordon revealed to his father that he had received letters from Eddy "positioning" him, some time before, and Gordon told his father about Tom's having a bunch of letters.

Raul Laughlin realized that Tom's letters were necessary and Gordon arranged a meeting. Burgoon, since his split with Art, had carried some 16 of these letters with him, to stand off Eddy's threats of dismissal. Tom gave some of Eddy's letters to Gordon, told where the others were hidden in a closet in his room. A meeting was arranged. Gordon got the letters from Burgoon's hiding place, told him about having done so, and Gordon turned the letters over to his father's attorney, who told Burgoon that he could have them by appearing personally and signing a receipt.

About this time school opened and Gordon agreed to take Burgoon to Long Beach on his way

\$3 MILLION SPENT Water Works Contracts Let For New Lines

The administration building of the Lemon Grove Water Works (to be known as Helix W.W. after July 1st) will be sold to help pay the cost of a new, larger one in a new location.

Plan is underway in the advisory council to the water works board to acquire at least 50,000 square feet in the La Mesa Civic Center site.

Norman Lighthouse, well known realtor, member of the advisory group has been charged with acquiring an architect for designing the new building. City of El Cajon recently registered a complaint with the district on locating the building in La Mesa. Later they withdrew their squak.

Present building is located on Nebo Drive in La Mesa.

Three Car Accident Injures Woman

A three car accident resulted in injuries to a University Avenue woman at the intersection of Broadway and Massachusetts last week. The accident also turned over a Qualitee milk truck spewing the intersection with milk and broken glass.

The woman, Minna Owen, 7778 University is reported to be in "good" condition at La Mesa Community Hospital. Her car was almost completely wrecked.

Witnesses said that Mrs. Owen failed to heed a stop sign on the north side of Broadway, crashed into a car which had stopped for the stop sign on the south side of Broadway. The latter car was driven by Melvin Durand, 6981 San Miguel Street. He was not apparently injured. Neither was the milk man, Alexander S. Schauer, 4635 Virginia Street, San Diego.

Mrs. Owen was charged with 552A, failure to stop at a through highway.

Cafe to 'Go Spanish' For Ten Days

Bar-tenders are bearded and the waitresses are dressed as Spanish señoritas. It's all part of the pre-Fiesta del Pacifico program at Michael's Cafe to generate additional local enthusiasm for the coming county-wide event and in particular the Lemon Grove Fiesta and Rodeo.

For ten days, says Henry Goldy, proprietor of the cafe who wears a goatee which some say causes him to resemble a Spanish don, there will be festivities in the Spanish fashion.

Mexican troubadours will circulate among patrons every night starting Friday and serenade them. There will also be a Latin Orchestra and dancing every night during the ten day affair, Goldy said.

In addition to the regular menu, a Spanish Dinner for 95c will be served during the event and every night tickets will be distributed to patrons. At the hours of 9, 11 and 1 a.m. a drawing will be held and winners may choose from a wide variety of prizes. These have been contributed by local businessmen.

Mexican sombreros with colorful balls attached, will be contributed under the auspices of business firms.

Grossmont School District Adopts New Budget

Grossmont Union High School District board of trustees adopted a budget for the school year 1956-57 for \$3,117,175 Monday, June 11. The figure for the present school year was \$2,614,700. Reasons for the increase in the budget include an increase in growth in the district, increase in salary schedules, and an increase in reserves.

The budget proposal will increase the tax rate for current operations from 88c to \$1.15 with 16c of the increase for salaries and 11c for an increase in reserves. This will increase the cost per pupil by \$27, \$40 below the average in the state. The 27 cent tax increase will be for 1957 and until further changes.

Other actions taken by the board affected salaries. A new schedule for counselors, director of student activities, principals, vice-principals, and adult school administrators was adopted. Reasons for the increase are extra responsibility and time demands of these positions, special certification requirements, administrative salaries in other districts and faculty morale.

A 7 1/2% salary increase for classified employees was approved. Three positions in business administration were placed on a special schedule ranging from \$7200-\$8200, affecting the positions of comptroller, John Ahern, purchasing agent, Mrs. Betty Leiboldt, and business assistant, William Burns.

to college. Two friends of young Laughlin, in separate cars, followed Gordon's jalopy, fearing that the jalopy would be stopped and Gordon forced, perhaps at gun point, to give up the documents. However, Gordon and Tom reached Long Beach safely. Tom got out, put on a sailor cap and started down the street. Previous to this time, Burgoon had introduced Gordon to a bunch of pervers. This was in San Diego, where they are numerous.

Laughlin's remarks, while not stated down in shorthand, are taken correctly, but not with the force of his presentation.

Laughlin concluded his remarks with "We must have men at the top who spend tax money as though it were their own."

The Port of Los Angeles is the nation's No. 1 fish market. Fish products processed through the port last year exceeded \$50 million in value.
